## GENERAL NEWS.

List of Appointments—Internal Revenue Collections—Decision Against Keeping Open the World's Exposition.

Proceedings of John Knox's Followers in General Assembly—The Baptists at Saratoga.

## NEWS OF NATIONAL INTEREST.

Various Appointments and Commissions—The Apaches on the Warpath—Importation of Whisky by Rail, Etc.

WASHINGTON, May 28.—The President today appointed the following Collectors of Internal Revenue: Owen A. Wells, for the Third District of Wisconsin; John B. Maloney, for the First District of Michigan.

The President today commissioned the following Postmasters: John A. R. Varner, Lexington, Va.; William Henry Rittenour, Harrisonburg, Va.; Daniel O'Leary, Albany, N. Y.; Josephus P. De Janette, Chetopa, Kan.; Adelbert B. Crampton, Delphi, Ind.; Curtis Reed, Menasha, Wis.; James D. Watson, Mayfield, Ky.; Robert E. Austin, Iowa City, Iowa; George S. Witter, Ida Grove, Iowa; Charles D. Kress, Lewiston, Idaho Territory.

Secretary Endicott, President of the board recently appointed to examine and report upon the defenses and fortifications of the United States, has called a meeting of the board to be held at the War Department, Wednesday, June 3.

The President will leave Washington for New York to-morrow night, and will be accompanied by Secretaries Whitney and Endicott, and Postmaster General Vilas, and by Secretary Lamar in case his health will permit. The party expect to return on Sunday.

The President today appointed the following named Presidential Postmasters: David Quackenbush, at Mount Vernon, N. Y.; Vice Andrew Bridgman, suspended. The suspended Postmaster was on two different occasions during the past year shown to have used the public funds for private purposes. Once to the amount of \$22, which was made good by his friends; and again he was found deficient in his money-order funds to the amount of \$1,456, which was made good by his sureties. It was also found that his books were not properly kept. Although arrested by the inspector, he was subsequently allowed to take his office in January, which he has held up to this time. William Steiner, at Oak Park, Ill.; vice E. W. Phelps, commission expired; Andrew Borders, at Sparks, Ill.; vice J. D. Watson, commission expired; Enoch A. McLeod, at Palmyra, Mo.; vice P. C. Lane, commission expired; Sanford L. Sturtevant, at Fullerton, Neb.; vice N. B. R. Odell, Ill.; vice George W. Phelps, commission expired; Philbrick, at Halstead, Kan.; vice N. C. Groom, the office has become Presidential; William M. Martin, at Muckeage, I. T.; vice William L. Squier, the office has become Presidential; R. E. Langston, at Junction City, Kan.; vice F. Patterson, commission expired.

The Postmaster General has forbidden the delivery of money orders and registered letters to the following named persons, upon the inspectors' reports showing that they were engaged in conducting fraudulent schemes by means of the mail: Dr. H. B. Butler alias Dr. Ward & Co., of Louisville, and Geo. Mayo, of Chicago, publisher of the Post and Courier and the Illinois Agriculturalist.

Agent Llewellyn, at the Mesquero Agency New Mexico, has telegraphed the Indian Bureau as follows: "The Apaches under Geronimo are now deploring west of the Rio Grande. Two women of Geronimo's camp came in here to-day. I have confined them in the guard house. Major Van Horn, commanding at Fort Stanton, is here to-day. The Mesqueros have tendered him 150 men to accompany his troops should the hostiles come within striking distance. There are twenty-five bucks of the Victoria band who have lived here with the Mesqueros these years. If necessary I will arrest and hold them until the trouble is over. The Mesqueros can be depended upon and will not join the hostiles." The agent has been instructed not to arrest the Victoria Indians as long as they are peaceable but to keep them under surveillance.

Secretary Lamar was still unable to attend to his duties to-day.

The Comptroller of the Currency today authorized the First National Bank of San Antonio, Tex., to begin business with a capital of \$50,000.

The Secretary of the Treasury has issued a circular to all Customs officers that the appropriation for defraying the expenses of collecting the revenue for customs will be exhausted by the necessary payments for May, and directs them that no expenses for the June collection can be made until Congress shall make an appropriation therefor.

The collections of Internal Revenue for the first ten months of the fiscal year ending June 30, 1885, as compared with the collections during the corresponding period of the fiscal year ending June 30, 1884, were as follows:

From Spirits—1884, \$63,164,740; 1885, \$55,146,316; decrease, \$8,018,424.  
From Tobacco—1884, \$21,349,899; 1885, \$21,417,536; increase, \$66,637.  
From Fermented Liquors—1884, \$14,247,800; 1885, \$14,383,785; increase, \$135,985.  
From Miscellaneous—1884, \$519,163; 1885, \$226,862; decrease, \$292,301.  
Aggregate Receipts—1884, \$99,201,302; 1885, \$92,164,417; decrease, \$7,036,885.

The aggregate receipts for April, 1885, were \$1,141,832 less than during the same month of 1884.

General Sheridan has returned to Washington from his Western trip.

From correspondence transmitted by the War Department to the Indian Bureau it appears that the Apache Indian outbreak was caused by whisky. The Indians manufactured a large quantity of "tawin" and became intoxicated. Knowing that punish-

ment would follow this infraction of the rules, they abandoned their reservation and went on the warpath.

There was full attendance of the Cabinet meeting to-day, including Secretary Lamar, who has partially recovered from his recent attack of sickness. The question of authority and continuance of the World's Exposition at New Orleans was again considered. The result is shown in a telegram sent by the President to Senator Gibson later in the day, of which the following is a copy:

The question of reopening the Exposition has been considered by the Cabinet, and they are unanimously of the opinion that there is no warrant of law for it, and that it would be inexpedient on other grounds.

The Commissioner of Internal Revenue is preparing a circular prescribing regulations for the exportation of spirits to foreign countries. The present regulation in regard to the exportation of spirits relates only to exportation by vessel. A brisk trade in this commodity has recently sprung up in Canada and Mexico, and it is found necessary to amend the regulations accordingly. The new circular will provide that all spirits intended for exportation by rail shall be gauged at the port of exportation, and authorized the Collector at that point to cancel the bond upon receipt of satisfactory proof that the spirits have actually been exported.

The Secretary of the Treasury has issued a circular directing customs officers to collect the alien immigrant tax of fifty cents each from foreigners coming to this country as tourists or travelers in transit to other countries, as well as from those coming to this country to reside.

Several additional crypts, making nine in all, have recently been found beneath the rotunda of the Capitol and assigned to Librarian Spofford for the use of the Congressional Library. The crowded condition of the library has not, however, been materially benefited by the discovery of this kind, while affording temporary relief, are the merest makeshifts. The library has more than twice outgrown its original accommodations. It contains nearly 500,000 bound volumes, 300,000 pieces of music, nearly 200,000 pamphlets, and between 100,000 and 150,000 specimens of graphic art. The Librarian is required by law to refer to the copyright records, and to produce at any hour of the day any object in the library which may be required by authors and their attorneys in the settlement of questions growing out of disputed rights properly. Several years ago the attention of Congress was directed to the pressing need of more ample and more convenient accommodations for this invaluable collection, and although many efforts have been made in this direction by individual members and by committees, nothing practical has yet resulted, for numerous books and pamphlets are still piled up like cord-wood upon the floors and in the alcoves of the library.

Postmaster General Vilas to-day requested the resignation of J. L. Meade, who was recently appointed Postmaster at Hazelhurst, Copiah County, Mississippi. The explanation of the action of the Postmaster General is that since the appointment of Mr. Meade, it has come to the knowledge of the department that Meade presided over a meeting which was held in Hazelhurst, just after the elections in 1883, and subscribed to the killing of Matthews, a Republican Postmaster, by a man named Wheeler, on election day, at which the persons participating took sides by resolution with Wheeler, and served notice on the friends of Matthews that they intended to stand by Wheeler in case they sought revenge for the killing of Matthews. It is understood that this is in conformity with the determination not to allow itself to become involved in any of the political quarrels which have existed in this State.

During the President's stay in New York he will be the guest of Secretary Whitney, at the latter's house in that city.

## RELIGIOUS CONVENTIONS.

Proceedings of the Presbyterian General Assembly at Cincinnati.

CINCINNATI, O., May 28.—At the session of the Presbyterian General Assembly this morning a committee of five elders was appointed to consider a plan for raising \$150,000 to liquidate the debt of the Home and Foreign Mission Board. A committee, consisting of John A. Stevenson, of Philadelphia; C. D. Drake, of Washington, D. C.; and K. Van Rensselaer, of New York, was appointed in accordance with the resolution offered at a meeting of elders to raise \$200,000 as an additional endowment for the Board of Ministerial Relief. The special committee, which was appointed to consider the overtures on the transfer of the Board of Missions for Freedmen to that of Home Missions, reported against such a transfer, and it was laid over for discussion. It was reported that the overtures on reduced representation had been answered in the affirmative. The effect of this overture is to reduce the size of the assembly by 130 members. The standing committee on the card of Education reported that the total receipts of the board for the year were \$17,723. It began the year with a debt of \$17,000, which has been reduced to \$6,000. It has under its care 160 students, forty-two more than last year.

At the afternoon session of the Presbyterian Assembly Rev. S. B. Bell offered the following, which was referred to the Committee on Church Policy:

Resolved, That the cry for more men to employ does not agree with the cry from our own men to find employment.

Resolved, That if our present system is a failure in this direction, then we must adopt another that will not be.

A letter presenting "The Christian salutations and assurances of abiding fraternal feeling" was received. Resolutions of sympathy with the Free Church of France were adopted, and also one appointing Rev. George F. Moore to represent this assembly at the next meeting of the Synod of that church, September 23, next.

The report of the Committee on the Board of Church Extension shows the total amount received during the year from all sources is \$120,006. Three hundred and ninety-eight applications for aid have been made, amounting to \$224,500. Twenty-four of these have been entertained, and \$108,040 given. The board was authorized to release a mortgage held on a church in the South in order that they may unite with one in the same city connected with the Southern Presbyterian Assembly and sell their property, the proceeds of the sale to apply to the enlargement of the church with which they unite. The

Committee on Judicial Commissions reported that the overture was adopted by a vote of 135 to 31. This gives the Assembly and each Synod the right to appoint commissions whose decisions shall be final, except in matters of law or doctrine, which must be referred to the General Assembly.

## Baptist Home Mission Society.

SARATOGA, N. Y., May 28.—At the morning session of the second day's proceedings of the Baptist Home Mission Society, Dr. Carter made a report on the work among the Indians. He said that there were 320,000 of them in the United States and Territories, and that they were increasing in numbers. Two-thirds of them are unevangelized savages. The Government's Indian policy is improving. Hon. J. M. S. Williams questioned the statistics presented by the preceding speaker. The following officers were elected: Samuel Coigate, of New York, President; H. L. Morehouse, of New York, Vice President; J. D. Rockefeller, of Ohio, Corresponding Secretary. The board of managers select a Treasurer, Dr. F. J. Farnum, reported upon the work among the colored people. Fifteen schools are sustained in the South, with 150 teachers and 3,000 scholars.

This was the second day of the American Baptist Home Mission Society convention. In the evening a large audience thronged the church to hear addresses by Dr. H. G. Dewitt, of Salt Lake City, on "Mormonism," Dr. O. C. Pope, of Texas, on "Mexico," and Dr. R. S. McArthur, of New York, on "Christian Benevolence." The publication society will present its reports and addresses to-morrow.

## GENERAL CROOK.

He Reports He Has Plenty of Troops to Look After the Apaches.

SAN FRANCISCO, May 28.—General Crook has telegraphed from Arizona to the Military Department: "No more troops needed at present. Troops from Bowie are stationed at Sien's Pass. Major Vanliet with eighteen officers, 340 men and tents of the cavalry, and Captain Smith with 100 men of the fourth cavalry, Captain Pierce and Indian scouts from San Carlos, are at Fort Bayard, and east of them, co-operating with troops in New Mexico. What has made it so difficult to get any definite information in regard to the Indians is the rapidity of their march, they having made about 150 miles in two days, over an exceedingly rough country."

## Several Bands of Indians Massacring and Murdering.

NEW SILVER CITY, N. M., May 28.—The Apaches are making a bloody trail through this section. It is now thought three or four different bands are depreying and murdering in as many sections of this Territory. The hostiles apparently number about 300. Four chiefs are with them, Geronimo, Nana, Natcha and Chihua-hua.

This morning the corpses of a Mexican and his wife and three children were found five miles from here, and another Mexican is known to have been killed in the same vicinity and his companion badly wounded. It is reported that numerous ranches on Bear Creek have been sacked, horses stolen and cattle killed. The Indian trail has been followed from there to the Pinos foot hills.

It is reported that the Indians are doubling back on the old trail in the direction of Bear Creek. This band numbers about 300. Another band on the Gila River drove off 150 head of horses. Two carriers are missing.

## Not at All Disappointed.

KROOK, Iowa, May 28.—After Mr. Williams received the appointment of Marshal of the Southern Iowa District, and found that it was likely to occasion some criticism of the administration at Washington, he paced his resignation in the hands of the Department of Justice, to be used in any manner deemed best for the Democratic party, and to avoid the department any embarrassments or complications growing out of the appointment, and when, subsequently, he received word yesterday afternoon that his resignation had been accepted, he was not surprised. To the friends who were willing to stand by him he expresses the heartiest thanks. Otherwise he is indifferent to the whole matter, except the falsehoods maliciously circulated about his Democracy at Washington. He hopes Campbell will so conduct himself in office as to honor his appointment.

## The Plymouth Epidemic.

WILKESBARRE, Pa., May 28.—Two deaths occurred at Plymouth to-day, and four of the occupants of the hospital are in a critical condition. The disease has been most prevalent among the Hungarians and Poles. A complaint was this afternoon laid before the District Attorney to be brought to the notice of the Grand Jury, now in session here, of the careless and dilatory manner of the Borough Council of Plymouth regarding the enforcement of sanitary rules.

## General Orders Reported Defeated.

LIMA, May 28.—A telegram received from General Mas announces the complete defeat of the Cacerists at Huancayo by the Yglesias forces. Great numbers of prisoners were taken and the Cacerist artillery scattered. Caceres himself was wounded and has returned to Pucara. General Mas is in pursuit. This decisive victory is expected to prevent any further revolutionary attempts.

## Evansville Damaged by a Cloud Burst.

EVANSVILLE, May 28.—Considerable damage was caused by a cloud burst this afternoon, in the northern part of the city. Cellars were flooded for several blocks near Main, Indiana and John streets, and some stores had water several feet deep in them. Damage amounting to \$2,000 is already reported.

## A Condemned Building Falls.

LONG ISLAND CITY, May 28.—A two-story frame building in Jackson avenue, this city, fell with a loud crash early this morning. It had been condemned by the Board of Health, and several families living on the second floor were driven out yesterday.

## General Grant.

NEW YORK, May 28.—"Father had a good night and is feeling very well this morning," said Colonel Fred Grant this morning. The General slept shortly after 11 p. m., and with few intervals of wakefulness slept until 5 o'clock this morning.

## FROM ACROSS THE SEA.

The African Explorer, Stanley, Banqueted—Talk of Transferring Thiers and Gambetta to the Pantheon.

Emperor William Worse Than Officially Stated—The Government Pantheon Decree Sustained.

## GENERAL FOREIGN NEWS.

The Baptist Missionary Society Give a Breakfast to Stanley—Hills Presented With a Formal Eulogistic Address—His Reply.

LONDON, May 28.—The Baptist Missionary Society gave a breakfast to-day to Mr. Henry M. Stanley, the African explorer. Mr. Joseph Tritton, a prominent banker, presided. In his address he thanked Mr. Stanley for opening up the way to the Christianization of Africa, and for help to the missionaries to secure stations and to extend the influence on their teachings. An address in the nature of an eulogium was then formally presented by the Baptist Missionary Society to their guest. Mr. Stanley, in his reply, said that he was glad to have had the opportunity of helping the missionaries and of obtaining, in return, their help to teach the natives. Formerly he had understood the missionaries. However, since that he had seen Livingston, and he had recognized in him the type of a noble and spiritual manhood. The real work of the missionary was hard, his privations great, his worldly reward small. In conclusion Mr. Stanley expressed the hope that the Congo country would soon be well supplied with missionaries, and he urged the society to be very careful what kind of men they sent out, as missionaries to Africa. "Do not," he said, "send young men, without having first taught them the practical life necessary to success, the same as you teach Christians you wish to live long. Dead missionaries are of no more value than other dead men. Gordon, dead, is valueless. If he had lived, the civilization of the Sudan, which received its death blow in Gordon's murder, would have been saving, and we could have seen the summer of civilization dawning in the interior of Africa."

Mr. Stanley finished his address by stating that the climate of Africa was not half so dangerous as that of many parts of the Southern States of America, and that the little he had done for missionaries in Africa had not been done spontaneously, but in obedience to the commands of his superior, King Leopold. This last statement was greeted with cheers.

The President, in response, asserted that Mr. Stanley had made mission work in Central Africa possible.

Proposed Transference of Thiers and Gambetta to the Pantheon.

PARIS, May 28.—M. Goebiet, Minister of Public Instruction, now that the Pantheon has been restored to its original purposes, moved that the remains of ex-President Thiers and Leon Gambetta be transferred to the Pantheon, wherein will be placed the body of Victor Hugo. The Communists in their several meetings held last evening adopted resolutions declaring that it was their purpose to carry red flags at the funeral of Victor Hugo. The resolutions also warned the Government not to interfere with the Communists in their determination to bear their flags and banners in the great procession.

## Reception of British Officers at Herat.

LONDON, May 28.—The following advices have been received from Sinyout: Stewart, Holdbach and Kocha publicly entered Herat on May 10 on the Ameer's invitation. The Governor received them at a durbar, attended by the Afghan Generals. The reception from all classes was extremely gratifying. The priests were cordial, and the Calahoun troops friendly. The officers left Herat on the 11th. It is reported that 300 Comacks still hold Sulficar and Akrobat.

## The Day of Hugo's Funeral to be a Holiday.

PARIS, May 28.—Monday will be observed as a general holiday. President Grevy and the diplomatic corps will attend the funeral. An immense quantity of floral offerings have arrived here. Compositors are having a flower crown prepared at a cost of \$100. Hugo was a friend of Parnell, Royalists and Catholics intend to display white flags. The revolutionary meeting to-day was a secret gathering, all reporters being excluded.

## The Pantheon Decree Sustained.

PARIS, May 28.—In to-day's session of the Chamber of Deputies Count De Mun, of the Extreme Right, referring to the decree of secularizing the Pantheon, described it as illegal, profane and sacrilegious. M. Gilbert defended the Government's action, and Count De Mun's motion, that the Government decree at law dealing with the matter be introduced in the Chamber of Deputies, was defeated by a vote of 388 to 83.

## Retiring American Consul Banqueted.

LIVERPOOL, May 28.—A banquet was given this evening by the Liverpool shippers and merchants to Mr. Packard, the retiring United States Consul. Mr. Packard was presented with an illuminated address and a service of silver plate.

## Russian Negotiations Proceed Slowly.

LONDON, May 28.—The Daily News this morning says the negotiations with Russia are progressing with extreme slowness, owing to Lord Kimberly's absence from London. The fact that he is about to leave London, it is said, was evidence of sincerity.

## Will Investigate Cholera Microbes.

MADRID, May 28.—The Spanish Government has appointed four eminent surgeons as a commission to investigate the system of inoculation of human subjects with cholera microbes as practiced by Dr. Ferran.

## The French Press Advise England.

PARIS, May 28.—The Journal Des Debates, Republique Francaise and Justice in commenting on Lord Rosebury's supposed

mission, advise England instead of suing for the support of Germany or an alliance with Turkey or Italy, to cultivate the willing friendship of France.

## Afghan Frontier Negotiations.

LONDON, May 29.—The Standard's St. Petersburg correspondent says the following is the exact state of the Afghan frontier negotiations at the present time: The Ameer surrenders Pendjeh for Suldicar. The question is unsettled as to whether the Suldicar Pass shall form a part of the boundary or remain wholly in Afghanistan.

## Emperor William Better.

BERLIN, May 28.—Emperor William is now well enough to receive a few visitors and transact business, but not to drive out.

## Foreign Notes.

Lord Rosebury has started for London. The funeral of Victor Hugo will take place Monday morning.

It is reported from London that Mr. Vanderbilt and party start on their return to America to-day.

The Marquis of Hartington, British Secretary of State for War, is ill at Dublin, and his proposed orations at Belfast and elsewhere in Ireland have been abandoned.

A telegram from Tien Tsin announces that all the articles of a treaty of peace between France and China have been agreed, and it is expected the treaty will be signed to-day.

It is reported that Emperor William, of Germany, is more seriously ill than has been admitted officially. The doctors in attendance are said to be quite uneasy in their manner.

The great strike of the Yorkshire, English, miners has ended. The miners finally accepted the reduction in their wages which had been proposed in the first place, at a conference of the men and masters.

## THE NORTHWEST WAR.

More Indians Brought Into Camp, Also Cattle—The Location of Big Bear Not Yet Discovered.

BATTLEFORD, N. W. T., May 27, via Winnipeg, May 28.—A body of mounted police went out into the Indian camp to-day and brought in a number of Indians, 100 head of cattle and quite a number of horses with carts and wagons. These have all been identified by settlers here as their property stolen by the Indians. The scouts have been unable to find Big Bear's location. Much doubt is felt as to where he has gone or what his intentions are. General Stanger is now supposed to be near Fort Pitt, and will likely follow up Big Bear. Couriers have been sent to General Strange with dispatches. To-day five half-breeds, who said they were held by Poundmaker as prisoners, were imprisoned by the authorities here to-day charged with inciting and assisting the Indians. The feeling against them is very strong and the evidence direct. Read, the Assistant Indian Commissioner, has ordered the Indians to return to their reserves to-day.

The Indians charged with the murder of Frank Smart have been General Stanger is now supposed to be near Fort Pitt, and will likely follow up Big Bear.
